Leroy:

On the resumes, you need to review and make your determination and then send to me for my review. I don't think the requirements are that hard to meet. It should not take that long. This is stuff that is required by the EPA Inspector General.

Equipment Operator: The equipment that has been operated on-site to date did not require and equipment operator in accordance with the contract so we probably need to make the adjustments.

Thanks

Gary Moore

Gary:

SWS is working on the qualification of the staff. They will provide resumes.

Leroy:

Here is the 1900-55. Under our contract, the person operating the skidsteer is not considered an operator. Also, I previously sent you a document that describes the qualifications for the staff and have not gotten an acknowledgment that they meet these qualifications. We need to go back and reclassify the operator to a laborer on the previous 1900-55's.

Thanks
